

MEMO

To : All Johor Port's Contractors
From : Port Security & Safety Department
Subject : Speed Limit in Johor Port
Date : 18th May 2023
Reference : (02) JPB/281-6/1 Vol 10

Dear all,

As we continue to prioritise safety in our port operations, we would like to remind all JPB's contractors the importance of adhering to the designated speed limits within the port premises. The speed limits are in place to ensure the safety of all contractors working and operating in the Port.

Effective immediately, the speed limit in the port is set at the following range:

Johor Port main roads	:	45km/hr
Johor Port operations area	:	25km/hr
Johor Port container terminal (Block)	:	15km/hr

Exceeding the designated speed limit poses a serious risk to the safety of everyone in the Port, and can result in accidents, damage to property, and injury to personnel. Therefore, it is imperative that all contractors operating any type of vehicle or equipment in the Port strictly adhere to the speed limit at all times.

Please note that any contractors that exceed the designated speed limit will be penalised in accordance to the Johor Port Penalty Matrix.

We urge all JPB's contractors to exercise caution, be mindful of their speed, and follow all the designated speed limit. It is the responsibility of each individual to prioritise safety and ensure compliance with the speed limit regulations.

Thank you for your cooperation in maintaining a safe working environment in our Port. If you have any questions or concerns, please do not hesitate to contact Tuan Umar Saravanan Kanesen (saravanan@johorport.com.my) at 07-253 5888 ext. 538 or Puan Nor Zaini Mohamad (norzaini@johorport.com.my) at 07-253 5888 ext. 720.

Thank you.

'Work Safe, Get Home Safe'

Yours sincerely,
JOHOR PORT BERHAD

JAMALUDIN RAJA MOHAMMAD
Head, Port Security & Safety Department
