

Ref: (05) JPB/281-6/1 Vol 10

7 June 2023

All Johor Port Berhad Shipping and Forwarding Agents

Dear Sir/Madam,

COMPLIANCE TO USAGE OF PERSONAL PROTECTIVE EQUIPMENT (PPE) IN JOHOR PORT BERHAD (JPB) FOR ALL PORT USERS

The above subject matter is kindly referred.

As you are aware that we are the ISO 45001:2018 international standard certified organization, which requires us to maintain and continuously improve on Occupational Safety and Health including Environmental Protection within JPB premises.

It has been "JPB"s culture that we practiced the ALARP (as low as reasonably practicable) to maintain the safety and wellness of port users within our premises at all time. The usage of PPE (personal protective equipment); safety shoes, safety helmet, long pants, shirt and safety vest at operation area (wharf, jetty, warehouse and open yard) is mandatory. Shipping agent is highly recommended to ferry crews for any movement in JPB areas.

Please note that any personnel who do not wear complete PPE will be penalized in accordance to the Johor Port Penalty Matrix. All charges for the above violations shall be directed to the responsible shipping agent. Notice of offences will be issued accordingly.

Therefore, your understanding, continuous support and good cooperation are duly appreciated to ensure a safe working place and conducive environment for everyone.

Should you require further clarification, please liaise with Nor Zaini Binti Mohamad at norzaini@johorport.com.my or our department Health, Safety & Environment (HSE) representative accordingly.

'Work Safe, Get Home Safe'

With kind regards,
JOHOR PORT BERHAD

JAMALUDIN RAJA MOHAMMAD
HEAD,
PORT SECURITY & SAFETY DEPARTMENT
